IBEW IS COMMITTED TO A SAFE WORK ENVIRONMENT

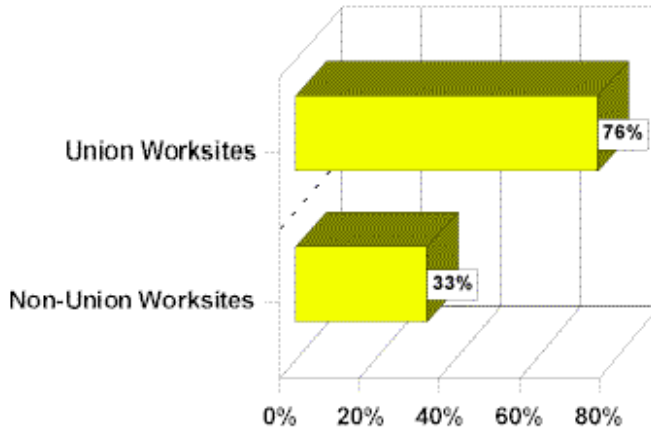

The safety of our members has been one of the principal objectives of the IBEW since it's founding when on-the-job accidents claimed the lives of one out of every two workers.

The IBEW Constitution states:

Each Local Union shall have a safety and health committee which shall: investigate and report serious accidents and fatalities.....promote safety & health and cooperate with safety organizations as determined by the Local Union IBEW Constitution, Article 16, Sec. 15.

- Unionize Your Workplace
- Union Members Earn Higher Wages
- Union Members Enjoy Better Benefits
- Union Members Have Greater Job Stability
- Union Members Work in a Safer Environment

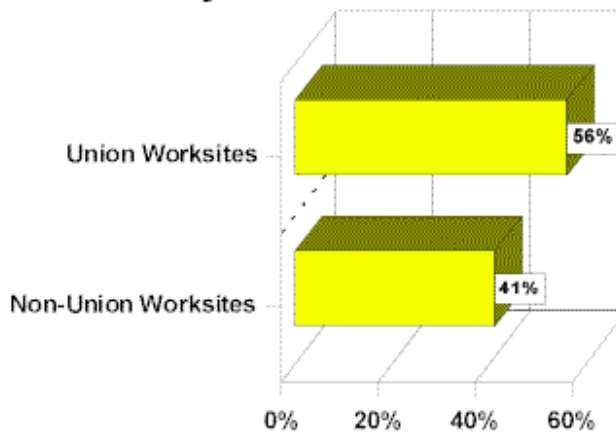

Safety Training *

* Percentage of worksites requiring safety training.

Only when workers have a VOICE will they have control over safety on the job!

Safety Performance *

*Percentage of worksites rating high in safety performance.

According to a study published in the Journal of Occupational Medicine: Union [worksites] distinguish themselves by better training, more stable employment, a workplace where regular safety meetings are held.....They also had better knowledge of safety practices and felt they had more control over their own safety.
